SUMMARY

Web Developer with a passion for building efficient and user-friendly applications. Skilled in backend technologies, databases, and API integration. Seeking to contribute to a dynamic team while continuously learning and growing.

SKILLS

- HTML, CSS, JavaScript, PHP, Laravel, React.Js, Node.Js, Express.Js, Next.Js, TypeScript, MySQL
- Git, RESTful APIs, and Postman
- Communication, Research & Development, Problem Solving

WORK EXPERIENCE

JR. WEB DEVELOPER

(October 2023 - April 2025)

The WildTigers Technologies

- Developed and maintained web applications using PHP, Laravel, CodeIgniter, MySQL, and JavaScript. Focused on backend development, managing and organizing data efficiently for seamless integration with the frontend.
- Optimized database queries to enhance application performance and scalability.
- Implemented RESTful APIs to facilitate smooth data exchange between the backend and frontend, ensuring a well-structured and responsive application.

WEB DEVELOPER INTERN

(April 2023 - October 2023)

The WildTigers Technologies

- Gained hands-on experience in PHP, CodeIgniter, Laravel, JavaScript, jQuery and AJAX.
- Developed backend applications using PHP frameworks, implemented dynamic web functionalities, and enhanced frontend interactions with jQuery.
- Strengthened full-stack development skills through practical projects and real-world problem-solving.

EDUCATION

B TECH. IN INFORMATION TECHNOLOGY

(2022 - Pursuing)

Sliver Oak University - Ahmedabad

HSC - GSEB

(2021 - 2022)

Rajasthan Hindi High School - Ahmedabad

SSC - GSEB

(2019 - 2020)

St. Joseph Hindi High school - Ahmedabad

PROJECTS

CSIR-IMTECH | DYNAMIC WEBSITE

- Developed and maintained web applications using PHP, Laravel, CodeIgniter, MySQL, and JavaScript. Focused on backend development, managing and organizing data efficiently for seamless integration with the frontend.
- Optimized database queries to enhance application performance and scalability.
- Implemented RESTful APIs to facilitate smooth data exchange between the backend and frontend, ensuring a well-structured and responsive application.

PRAHEAL | WEB APPLICATION

- Developed a SaaS-based web application for clinics to streamline patient appointment scheduling and management.
- The platform features an intuitive Appointment Calendar, Patient Medical Records management, Treatment Scheduler, E-Prescription generation, and Accounts & Billing.
- It also includes Finance Reports, Post-Procedure Follow-ups, Home Treatment management, and a comprehensive Plan Treatment Schedule, enhancing operational efficiency and patient care.

PENTAQUBE | DYNAMIC WEBSITE

- Implemented efficient data fetching techniques, managed state using React hooks, and optimized rendering for a seamless user experience.
- Ensured dynamic content updates and interactive UI components for improved user engagement.

NRI TAX SERVICES | DYNAMIC WEBSITE

- Implemented dynamic menus and show in frontend.
- Ensured dynamic content updates and interactive UI components for improved user engagement.

IBC CONSULT | DYNAMIC WEBSITE

- Utilized efficient data fetching methods, leveraged React hooks for state management, and enhanced rendering performance to deliver a smooth user experience.
- Maintained dynamic content flow and built interactive UI features to boost user interaction.
