

MUKESH SUTHAR

Full Stack Developer

+91 9016281095 • mukeshsuthar6142@gmail.com • linkedin.com/in/mukeshsuthar90

Full Stack Developer with 2+ years of experience building scalable, efficient, and secure end-to-end applications. Expert in backend technologies, with hands-on experience developing SaaS and healthcare applications using NestJS and Laravel. Skilled in designing scalable systems using Redis and job queues, along with real-time features using WebSockets. Proficient in database design and API development and integration, with a strong foundation across the full stack. Seeking to contribute to a dynamic team while continuously learning and growing.

SKILLS

- **Languages & Frameworks:** JavaScript, TypeScript, PHP, React.js, Next.js, Node.js, NestJS, Laravel
- **Databases & Tools:** Git, Docker, PostgreSQL, MySQL, Redis, Firebase, TanStack Query, Zod, Socket.io, Jira, TypeORM, Sequelize.
- **Architecture & Practices:** Microservices, System Design, System Architecture.

EXPERIENCE

DevsTree IT Services Private Limited, Ahmedabad, Gujarat

Aug 2025 - Present

Full Stack Developer

- Developed a full-featured SaaS application using NestJS for the backend and Next.js for the frontend, ensuring scalable and maintainable architecture.
- Implemented a real-time chat gateway using WebSockets (Socket.io) to enable seamless communication for mobile application users.
- Designed and implemented filtering algorithms to accurately process and refine GPS tracking points for field employee location tracking.

WildTigers Technologies Private Limited, Ahmedabad, Gujarat

Apr 2023 - Apr 2025

Web Developer

- Developed and maintained scalable web applications using PHP, Laravel, React.js, Node.js, and MySQL, ensuring high performance and reliability.
- Collaborated closely with designers and product stakeholders to translate user requirements into clear technical specifications, improving cross-team delivery and reducing rework.
- Built and optimized RESTful APIs and database queries in MySQL, enhancing application speed and overall user experience.

KEY PROJECTS

FieldTrack360, DevsTree IT Services Private Limited

Aug 2025 - Present

A SaaS platform for real-time field employee tracking and team management

- Built a full-featured SaaS application from the ground up using NestJS for the backend and Next.js for the frontend, delivering a scalable and maintainable architecture.
- Engineered a real-time chat gateway using WebSockets (Socket.io) to enable seamless, low-latency communication for mobile app users.
- Designed and implemented custom filtering algorithms to accurately process and refine GPS tracking data, ensuring precise location tracking for field employees.
- Delivered an end-to-end product — from system design to deployment — now live and actively used at fieldtrack360.com.

PraHeal, WildTigers Technologies Private Limited

Sept 2024 - April 2025

A multi-tenant SaaS CRM platform for healthcare clinics

- Developed a multi-tenant SaaS CRM platform using React.js and Laravel, supporting 20+ independent firms with fully isolated databases, custom roles, and tailored workflows.
- Streamlined clinic operations by building modules for appointment scheduling, digital patient records, and e-prescriptions within a unified system.
- Integrated WhatsApp and SMS communication workflows to enable seamless, automated patient and staff notifications.
- Implemented real-time operational analytics dashboards, empowering clinics to monitor and optimize overall efficiency.

IMTECH, WildTigers Technologies Private Limited

Jan 2024 - June 2024

Institute of Microbial Technology Dynamic Website

- Developed a functional module using Laravel, handling backend logic, data processing, and database operations for the institute's internal system.
- Designed and built the frontend interface using HTML, ensuring a clean, responsive, and user-friendly layout for end users.
- Collaborated with the internal team to understand requirements and deliver a working module aligned with institute workflows, gaining hands-on experience in real-world web development.

EDUCATION

Silver Oak University, Ahmedabad, Gujarat

Aug 2022 - Apr 2026

Bachelor of Technology in Information Technology
